

Task 1: my skills and my interests

Name and surname: Charunthon Limseelo

Skills/interests	Details
Coding	Making some mobile and desktop applications on the program.
Software Testing	Being like a beta tester on many programs, software, and applications.
Digital Illustrating	Drawing the picture, but on tablet or computer graphics.
Public Speaking	Telling some interesting stories or information which is useful.
Singing.	Like to sing foreign songs in the 80s, 90s, and modern pop.

My partner's name: Panyawut Piyasirinanan.

His/her suggestions:

In his view, my hobbies seem to be perfectly balanced, my working skill and leisure time activities.
He thinks I am very well-experienced. Working out might be the way to fulfil my life in university. Anyways, he
thinks my music genre seems to be the same as his. He suggests me to sing to him sometimes.
