

My Hobby

Hobby choice 1: Programming

Reddit group

Number of Reddit members: 4.4 million members

Number of Reddit posts in the last week: _____

Reason for choosing the hobby: In my opinion, computer programming is one of challenging hobbies that I desire to do it everyday because there are many categories within this skill, not just only coding on computer screen, but also for everything around us such as phones, tablets, or even appliances.

Hobby choice 2: Digital Painting

Reddit group

Number of Reddit members: 524 thousand members

Number of Reddit posts in the last week: _____

Reason for choosing the hobby: In my experience, digital painting becomes my interest (hobby) since I saw many digital paintings both in Pinterest and Instagram. I feel fresh and calm on every time when I see famous Thai and Korean artists paint their minimal illustration, and it's inspiring me trying to draw it.

Hobby choice 3: Public Speaking

Reddit group

Number of Reddit members: 13.3 thousand members

Number of Reddit posts in the last week: _____

Reason for choosing the hobby: By my reckoning, I love watching many scientists, philosophers, and business entrepreneurs giving their speech at TedEx and I found myself that I like to be like them so that I decided to join the club in the school for making morning public speech for 6 years. And that's why it becomes to my desirable hobby until today.
